WANT TO UP YOUR GAME?

Some of you may have not seen the post from Joe Boucher at PJ's Bar & Grill, 3837 S. Seneca Street. On Saturdays at 2 p.m. he is holding learning tournaments, with coaches to help improve your game. If there is not a large enough turnout to run a tournament, he will still be there to teach / give lessons at NO CHARGE.

If you are an experienced player that would also like to offer your assistance as a coach, that would be great too! We encourage anyone who would like to improve their game to take advantage of this generous offer.

ROSTERS

There have been several questions about adding new players to team rosters. Currently there are no limit to how many players you can add to your roster. As long as a player meets the Divisional Guidelines (look in your packet) you can add them. You do not have to call or get approval. Final Rosters will be set on the 10th week. After the Final Rosters are set, then you cannot add new players.
