LEAGUE POOL ETIQUETTE

We have some new players to the league that are unfamiliar with league pool etiquette. Simply put **the shooter 'owns' the area around the table**. The opponent should not approach the table until it is their turn. That includes picking up chalk when you are not the shooter! You **should not stand beside** the table or in the line of the shooter. Teammates are **not to approach** the table when any player is shooting to just 'look at a shot'! Only when a time out is ACTUALLY called, is it appropriate for others to approach the table. (Or when a player requests a Referee to watch the hit.) Until then, there should be no communication of the game being played with the shooter, **including the opponent heckling (sharking) the shooter**. In general; **if you are not shooting, you should be at least 6 feet away from the table and not causing a distraction to the shooter**.

Team Captains it is your responsibility to make sure that your players conduct themselves in accordance with the sportsmanship and etiquette standards set by this league.

THANK YOU FOR SUPPORTING THE AIR CAP POOL LEAGUE!
