

AIR CAP POOL LEAGUE NEWS

V.N.E.A. TOURNAMENT QUALIFICATION?

For players in our Masters Divisions on Tuesday and Thursday, time is running out to be qualified for the May tournament in Las Vegas. We need to solidify teams / players that want to play in this tournament. **THIS YEAR YOU ARE REQUIRED TO PLAY 12 WEEKS OF SANCTIONED LEAGUE PLAY TO QUALIFY FOR THE CHAMPIONSHIP TOURNAMENT IN LAS VEGAS! (One player can be listed as a sub with only 8 weeks of play.)** Tuesday Master and Thursday Master nights of play in the Fall 22 and Spring 23 sessions all count towards the 12 week requirement.

Unlike other national tournaments, the League Operator is required to sign up players for singles and team events for this tournament. I will need to know all information and collect the entry fees no later than April 14, 2023.

RULES CLARIFICATION

There has been misunderstandings about which divisions use the BCAPL or the VNEA rules. BCAPL rules are used for all divisions EXCEPT Tuesday Masters and Thursday Masters which are VNEA sanctioned. When referring to the rule book, please read the entire rule. If there is a difference between BCAPL and VNEA rules, it will state it in parenthesis.

If you have any questions or misunderstanding regarding the rules after you have read them, contact me before play resumes. Both Captains should be present to listen to the explanation.

SUB's

Just a reminder that players are permitted to play on ONE team in a division. Captains, if you need a player to sub on your team; make sure you review the player list. If a player has already played on a team, they CANNOT sub on your team. (We made exceptions to this rule during the pandemic, this exception is no longer in force.)
